

YOUR TREATMENT UNIT SPECIALISTS

**Don't forget you can take advantage of the
Governments Investment Boost Incentive!**

Deduct 20% of the value of your new dental equipment from your annual taxable income, on top of the normal depreciation.

Castellini Puma ELI R

Comfort and support for patient well-being

From
\$32,400

Puma ELI R combines ergonomics, versatility, and advanced technology in a compact, high-performance dental unit suited to all clinical needs. Its balanced design and self-balancing arms ensure smooth movement.

The **Puma ELI R Ambidextrous** offers complete left-to-right flexibility, allowing fast conversion between operators. It's designed for practices that need versatility, efficiency, and shared usability.

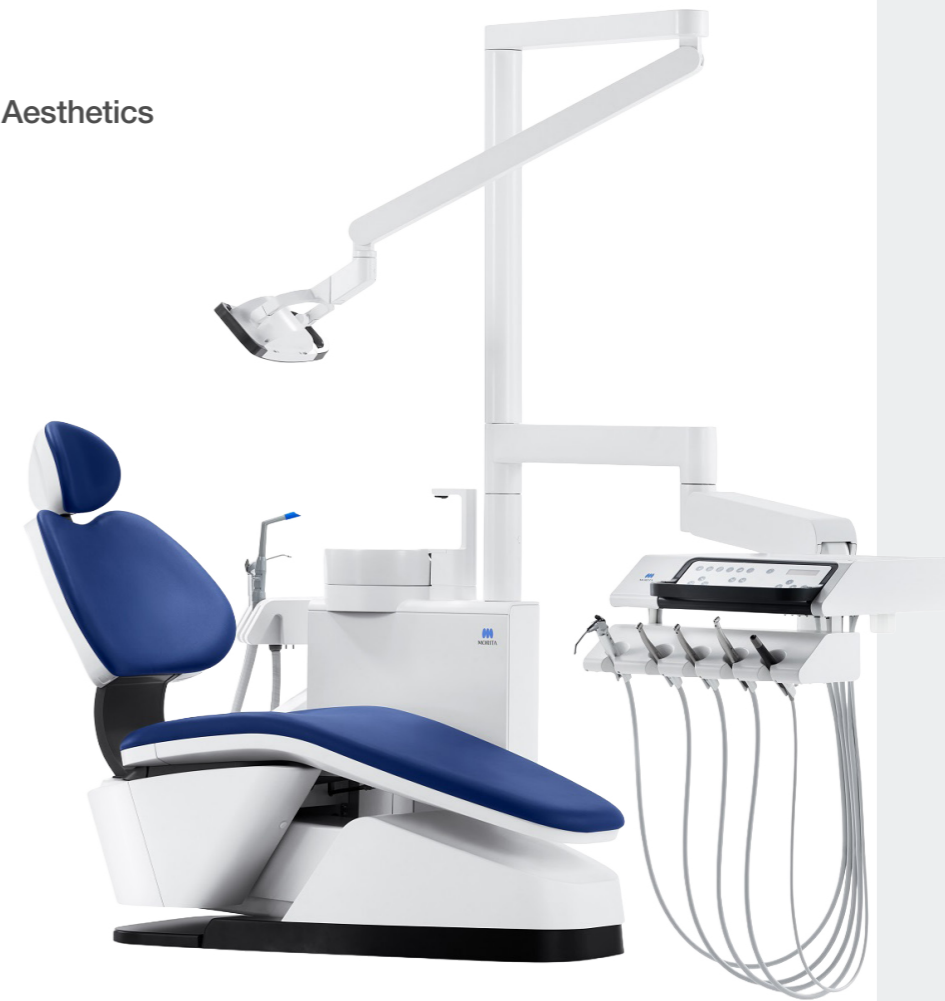

The **Venus Plus SCT COMPOSITE Light** is equipped with 4 light sources, placed outside the reflector body, with intensity adjustable from 3,000 to 50,000 Lux.

A further 2 central light sources generate a beam with different wavelengths: this prevents pre-polymerisation of composites while ensuring excellent illumination of the oral cavity.

Elevate every moment

A-dec dental chairs are consistently voted best in class for their reliability and ergonomic design.

A-dec 300

The A-dec 300 dental chair features a robust build, excellent access, and minimal maintenance in a compact design. Combined with the 300PRO delivery system you'll have just what you need.

A-dec 400

The key to productivity and career longevity is remaining comfortable while you work. This is why A dec 400 is designed to keep your movement fluid and ergonomically aligned.

A-dec 500

Everything you need is easy to position and comfortably within reach. With an ultra-thin backrest and slim-profile headrest, there's ample leg room under the chair for ergonomic positioning. Pair with the 500PRO delivery featuring a 7" touchscreen.
